02/13/2020		MINUTE ORDER: The Court has reviewed each of the many allegations and responses at stake and has concluded that many of the allegations at issue involve characterizations of legal opinions, regulations, and documents attached to and incorporated into the complaint such that the interests of justice would not be served by treating certain of Plaintiff's allegations as admitted. The Court must decide for

		<p>itself, for example, how to interpret legal opinions, regulations, and similar legal documents. Similarly, where a plaintiff attaches a document to a complaint, that document is incorporated in the complaint, and the Court ought not treat the plaintiff's characterization of that document as controlling, over the text of the actual document incorporated in the complaint. And, the actual administrative record controls over plaintiff's characterization of what it says. There are, however, occasions on which Defendant fails to admit or deny certain factual allegations requiring a response. Accordingly, it is hereby ORDERED that the following paragraphs in the complaint are deemed admitted in full: 2, 34, 35, 40, 41, 43, 45, 49, 66, 73.
